

Save jobs at Vestas, save the planet!

Families and community campaign meeting:

**Wednesday 22nd July, 6.30-8.30pm
Methodist Church Hall, Quay Street,
Newport**

Vestas Blades UK on the Isle of Wight is due to close on 31st July. 600 jobs will be lost immediately, many more jobs that depend on Vestas will follow. This makes no sense!

The government has just announced a major expansion of renewable energy including wind power. We are calling on the government to intervene to save jobs at Vestas – through nationalisation if that is what it takes – to show that it is serious about saving the planet.

Families and community campaign:

We are setting up a campaign for Vestas workers' families and Isle of Wight residents to show their support for keeping jobs at Vestas. This meeting will discuss ideas for campaigning. All welcome. More details: 07775 763750

Supported by the Isle of Wight Association of Trades Councils
